Digital Product Passport Provider Pre Assessment

Issue and provider details

Buyer completes the first four fields. Provider completes all remaining fields. Follow the named submission channel and use secure references for sensitive evidence.

Buyer organisation and project or reference ID

Products, markets, operator role and buying purpose

Issue date, response deadline with time zone and target go-live

Buyer contact, approved return channel and confidentiality classification

Responding legal entity, proposed product and delivery partners

Responder name, title, business email and response date

Proposed deployment model, hosting regions and delivery footprint

Save a local copy and reopen it before returning. Attach a continuation sheet for long answers.

Digital Product Passport Provider Pre Assessment

Provider fit and evidence

For each answer give scope, evidence IDs and a capability status. Use Production, Pilot, Planned, Unsupported or N/A with rationale. Name the release and proposed deployment for production claims.

PRE-01 Applicable obligations and supported sector workflow

PRE-02 Passport granularity, volumes and comparable deployment

PRE-03 Source systems, integration and identifier or resolver approach

PRE-04 Public and restricted access and evidence of isolation

PRE-05 Export, identifier continuity and backup arrangements

PRE-06 Registry scope, environment and example result where applicable

PRE-07 Current assurance scope, key gaps and evidence availability

Save a local copy and reopen it before returning. Attach a continuation sheet for long answers.

Digital Product Passport Provider Pre Assessment

Delivery and declaration

State currency, tax basis, units and assumptions. Mark estimates as indicative. The named responder confirms the submission is authorised and accurate to the best of their knowledge on the date given.

PRE-08 Lead time, key dependencies and delivery model

PRE-09 Indicative setup, recurring, usage and exit pricing

PRE-10 Material exclusions, roadmap items and bid conditions

Evidence index with ID, title, date, scope and secure reference

Open issues for buyer follow-up with owner and response date

Authorised responder name, title and date

Declaration confirmation or qualifications

Save a local copy and reopen it before returning. Attach a continuation sheet for long answers.
